

# Mini Floccin Feeders

**Complete  
With variable Speed Control**

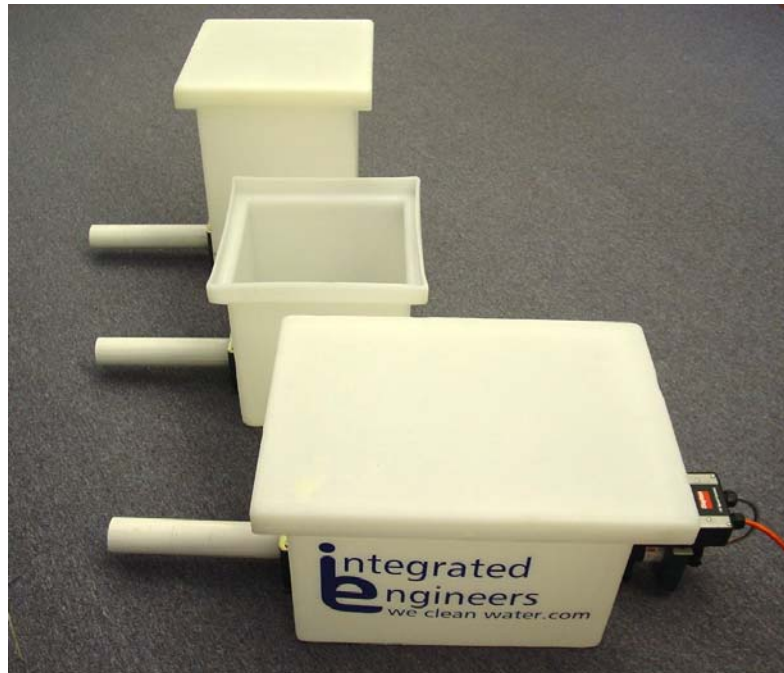

Clean

Efficient

Cost-Effective

Self-contained

18 size and speed  
combinations  
available

This line of feeders is perfect for users of small quantities of Floccin products. They were designed to attain even distribution of product and eliminate the formation of clumps formed by feeding manually. These containers are molded construction of heavy 3/16" polyethylene. They are available in 50 pound and 100 pound hopper sizes. All three sizes are available with a choice of six variable speed DCV motors. They come with lids to keep water from splashing into the dry Floccin. Operates on 115/120VAC.

## Specifications for Mini Floccin Feeders

| Motors<br>(base speed) | lb/min<br>(approx. max. rate) | lb/hr<br>(max. rate) |
|------------------------|-------------------------------|----------------------|
| 7 rpm                  | 0.85                          | 51                   |
| 11 rpm                 | 1.3                           | 78                   |
| 21 rpm                 | 2.6                           | 156                  |
| 32 rpm                 | 3.9                           | 234                  |
| 50 rpm                 | 6                             | 360                  |
| 102 rpm                | 12                            | 720                  |

Units are available based on the specifications to the left and below.

|   | Tanks  | Width | Length | Depth | Cap (lbs) |
|---|--------|-------|--------|-------|-----------|
| A | 7 gal  | 12    | 12     | 12    | 60        |
| B | 11 gal | 12    | 18     | 12    | 100       |
| C | 11 gal | 12    | 12     | 18    | 100       |

### Variable speed motor and auger drive

**Specifications:**

Motor/Control : 90 VDC 1/30 hp with DC Speed Control

Tank : 3/16" polyethylene wall

Auger: 55 mm

Variable speed control: 120VAC

### Catalog Numbers

| Catalog Number | Motor Speed | Tank Size |
|----------------|-------------|-----------|
| MFF-7A         | 7 rpm       | A         |
| MFF-7B         | 7 rpm       | B         |
| MFF-7C         | 7 rpm       | C         |
| MFF-11A        | 11 rpm      | A         |
| MFF-11B        | 11 rpm      | B         |
| MFF-11C        | 11 rpm      | C         |
| MFF-21A        | 21 rpm      | A         |
| MFF-21B        | 21 rpm      | B         |
| MFF-21C        | 21 rpm      | C         |

| Catalog Number | Motor Speed | Tank Size |
|----------------|-------------|-----------|
| MFF-32A        | 32 rpm      | A         |
| MFF-32B        | 32 rpm      | B         |
| MFF-32C        | 32 rpm      | C         |
| MFF-50A        | 50 rpm      | A         |
| MFF-50B        | 50 rpm      | B         |
| MFF-50C        | 50 rpm      | C         |
| MFF-102A       | 102 rpm     | A         |
| MFF-102B       | 102 rpm     | B         |
| MFF-102C       | 102 rpm     | C         |
